

WHY CLOUD-BASED PMS?

LESS HARDWARE EXPENSE

In Cloud-based PMS there is no physical server nor any maintenance cost. Hence are very economical & affordable.

DEVICE & LOCATION INDEPENDENT

It is accessible on any device & also location independent. So, veterinarians can take their PMS wherever they go.

DATA BACKUP

Data can be backed up in the cloud in regular intervals. Thus, minimizing data losses in disaster situations.

SCALABILITY

There are options to pay only for the services you use. So, just pay as you use.

OVERALL COST

It does not have huge installation fee as that of server-based application. Hence, it is a clear winner in terms of cost.
